epi glide

You're holding the
breakthrough beauty secret
for the 21st century woman!

USE IT WET. USE IT DRY.

Epilate wet for moisturizing hair removal
that's easy on the skin.

36 tweezing discs provide ultra-close
results by removing hair from the root

Enjoy up to 4 weeks of beautiful, bare skin

**Patented Sensitive Skin
Protector System**

- Effectively holds skin taut as it removes the hair
- Ensures that the tweezing discs glide over the skin
- Covers a larger area; even shorter hairs are lifted without pulling the skin

SOFTER...

Use wet with lather or
foaming gel to enjoy up to
4 weeks of beautiful, bare skin

SMOOTHER...

The gliding motion of
36 tweezing discs provide
ultra-close results by
removing hair from the root

More SENSUAL...

Get silky, caressable skin in
your bath, shower, or on the go
